

Prof. (Mrs.) Minati Das

Prof.(Mrs) Minati Das did her M.Sc. in Geology from Guwahati University and Post Graduate diploma in Petroleum Technology from Dibrugarh University. She joined ONGC as reservoir engineer and worked for about six year. She joined in 1985 as lecturer in the Department of Petroleum Technology, Dibrugarh University and her Ph.D. in Petroleum Technology (Exploration & Production) in 1997 from Dibrugarh University.

Prof. Das was the Head of the Department of Petroleum Technology, Dibrugarh University from 2000 – 2006. During her tenure as HOD, the Deptt. has been accorded with an honour under Mission REACH, Deptt. of Science & Technology, Govt. of India, New Delhi, for setting up a Centre of Excellence in Clastic Petroleum Reservoir Engineering in November 2003. ONGC Ltd. became the industry partner of this centre. Bharat Ratna Dr. A.P.J. Abdul Kalam inaugurated this centre on 26th November 2000, in Dibrugarh University. She is the Coordinator of this centre. The vision of the CORE is to achieve academic excellence and become one of the world leaders in Clastic Petroleum Reservoir Engineering. Since then she was engaged in performing different activities of TIFACCORE. She has established a world class core analysis laboratory in this centre which is unique among the academic institution of the country.

Prof. Das has published a number of technical papers in Peer reviewed journals. She has attended a number of national and international seminars, training courses, workshops, etc. and presented papers. She has also organised main seminars, workshops, shortterm courses (both International etc.). She was elected as a member of Executive Council of Indian Geological Congress for the year 2001 to 2003. She is also elected as a consulting editor of the “Contemporary who’s who”, by American Biographical Institution.

She has been associated with many professional bodies

- (i) Life member of Indian Science Congress Association.
- (ii) Life member of Indian Geological Congress.
- (iii) Life member of Indian Association of Sedimentologists.
- (iv) Life member and Honorary Fellow of Geological Association and Research Centre.
- (v) Life member of Indian Society of Applied Geochemists, Hyderabad.
- (vi) Member of Society for Petroleum Engineers (SPE).
- (vii) Associate member of International congress of Chemistry & Environment (A.I.C.C.E).
- (viii) Member of “Petrotech Society”, New Delhi.
